

LWVFA Nonpartisan Policy - Revised 2022

The League of Women Voters promotes informed and active participation in government and acts on selected governmental and public issues based on positions reached by member agreement. The League of Women Voters is nonpartisan and does not support or oppose any political party or candidate. Only when the public and its elected officials are convinced of the League's genuine nonpartisanship will the League be able to render effective voter service and gain a wide base of support for its positions on governmental issues.

All Members

All members are expected to keep their League activity and their political activity separate and distinct. For example, at League sponsored activities and meetings, members may not discuss partisan political matters, distribute partisan information or petitions, or display campaign buttons or insignia for a candidate or a political party. They should not display League bumper stickers, signs, or pins with partisan political materials. Members may not publicly identify their political preferences while working on voter services or voter registration activities.
